

# Schluter® - TREP-B

Schluter®-TREP-SE, TREP-S and TREP-B are designed to protect tiled stair edges and provide an easily visible, slip-resistant wear surface for durable, safe, and visually appealing stair-nosing design.

Prevents tile edges on stairs from chipping

Ensures a slip-resistant wear surface

Features a trapezoid-perforated anchoring leg made of stainless steel (-SE)

or aluminum (-S and -B) with a slip-resistant, thermoplastic rubber wear surface

Ideal for offices, shopping malls, and other public areas

Designed with a colored tread surface, which can be replaced in case of damage or wear (various colors available)

Designed for areas exposed to heavy foot traffic

End caps available

Available in brushed stainless steel (-SE) or aluminum (-S or -B)

**Note:** Radius of leading edge = 5/16" - 8 mm.
